Dhankawadi, Pune - 411043

About Me

As a recent graduate with a Bachelor's degree in Computer Science, I am eager to start my career in the tech industry. During my studies, I focused on coursework related to Python programming, Django & MYSQL. I am a quick learner and enjoy working in a team environment, and I am excited to bring my skills and enthusiasm to a new role in the industry.

Education

BSC(CS)
Marathwada Mitra Mandal's College Of Commerce, Pune
CGPA : 8.02
2020-2022

HSC
Acharya Shri D. B. Dadawala Junior College, Pune
Percentage : 57.23
2018-2019

SSC
Dnyansamwardhini High School, Shirwal
Percentage : 78.80
2016-2017

Soft Skills

Creative	Problem Solving	Leadership
Teamwork	Time Management	Quick Learner

Highlights

- Hands on Experience in application development in python using procedural as well as object oriented manner.
- Proficient in handling, manipulating & visualising data.

Technical Skills

Programming Language	C, Java (Basic), Python 3
Object Oriented Programming	Python 3
Web Technologies	HTML5, CSS3
Database	MYSQL, SQLite3
Visualization Tools	MS Power Bi
Operating System	Windows 10, Linux Development
Python Libraries	Numpy, Matplotlib, Seaborn, Pandas, etc
Frameworks	Django

Projects

Library Management System

- Developed a Desktop application using Python and MYSQL to automate the process of lending and returning books in a library.
- Utilized object-oriented programming concepts and developed custom user authentication and authorization features.

IPL Data Analysis

- Conducted data analysis on IPL cricket match data using Python and data analysis libraries (Pandas, Numpy, Matplotlib, Seaborn).
- Analyzed player performance, team strengths and weaknesses, and match outcome predictions. Generated visualizations and insights to help teams make informed decisions and improve their performance.

Electronic Items Services Website

- Developed a web application using Python, Django, HTML and CSS to provide information and services related to electronics items.
- Utilized HTML and CSS for front-end design and developed custom user authentication and authorization features.
- Stored customer data using SQLite3 and optimized database performance by using efficient queries.

Experience

Virtual Internship At **KPMG** in Data Analytics.

Over the period of January 2023, I had completed practical task modules in Data Quality Assessment, Data Insights, Data Insights and Presentation.

Certificates

Python Programming	Kaggle	Nov 2022
Programming with Python 3	Simplilearn	Dec 2022
Data Visualization with Python	Coursera	jan 2022
Ready, Set, Agile !	Forage & Cognizant	Sep 2021

Hobbies

Travelling   Playing Badminton

Personal Details

Date Of Birth	29 Nov 2001
Marital Status	Unmarried
Nationality	Indian
Linguistic Abilities	English, Marathi, Hindi

I hereby declare that all the above information is in fact correct up to my knowledge and I bear the responsibilities for the correctness of the above mentioned particular.
